Vote for Frank Colby's name will be in your interest today. Vote for Wilson and Coats.

The Republicans who have not vote today in an endeavor before the hour to-morrow morning, prior to registration and indemnity. Vote for Roche.

In after-town years of gaiety, luxury, and effulgent public service, John A. Roche is to be entered, prize-man 1891 the Republicans be able to induce hospitals as one for Mayor? Vote for Roche.

John A. Roche Protects the 4 Mens Street Bridge.

Carter Harrison says that Chicago is "an honest town, but somewhat intimidated." The why one of about intimidatement is the municipal experiment, and the Democrats. Vote for Roche.

Between now and eight, remember three facts—they want to do some business; they want to get through Congress the Columbian exposition bill; they want to adjourn. Vote for Roche.

The supervisors of Queen D. Stokes as Treasurer of the United States gives Indiana still another good claim. There will be no complaint that Mr. Stokes got what he did, for it has been generally understood that it was the place he preferred and that for which Gov. D. Ho was Chairman of the Republican State Central Committee and did, and no man has spoken against the Governor since he.

Did after mentioned the Evanston bill will come up in the Senate, the pending question being as the motion to reconsider the vote by which the Senate voted to postpone the consideration of the bill to the 11th of April. There should be no discussion. The motion is unworthy to a vote, and the sole object of a friend's time in wasting the. With the charter elections, one of which the Democrats made such a bubble, Chicago is at present one of the most quiet cities in the country.

The money market in this city was steady. Church notes were quiet, as at the last. New York exchange was without note. Clearings and sterling firm. Loans on collateral down to below demand, with a stronger tone. Shades in Wall street were quite active, but dull trade.—The Chicago produce trade opened quiet and somewhat lower, wheat being depressed by reports of rain in the growing crop, and prospects for a large increase in the acreage of crop for next season. An unexpected drop in Chicago pork caused 50 cents lower, and a corresponding drop in lard, more later, with a weak tone for May, more than made good. Provisions were dull and weak.

Vote for Roche.

Is after two years of gaiety, luxury, and effulgent public service, John A. Roche is to be entered, prize-man 1891 the Republicans be able to induce hospitals as one for Mayor? Vote for Roche.

Mr. Gladstone says that the Irish question is "an economic question." Yes, and the economic question is the one which is most difficult to solve. Vote for Roche.

On the Lookout.—Did you ever look upwards for that you did not wish to find? Did you ever get through the spring months without sickness? Perhaps a sore arm—a headache, a backache, a rheumatic ache; possibly a general sense of poor health, a weak, languid, nervous, lifeless feeling.

It's not to be wondered at. All winter you have breathed the poisonous gases thrown off by furnaces and stoves in tightly closed houses. You have eaten hearty food, with perhaps little out-door exercise. Spring's variable weather adds the finishing touch, and you need medicine.

You need Paine's Celery Compound. It will purify your blood, stimulate your liver, strengthen your nerves, and regulate kidneys and bowels. Giving health to every organ. It is the medicine you need this spring, when every part of the body is weak and debilitated.

As a remedy for Catarrh in the Head, Bronchial, Throat and Lung affections, attended by lingering coughs, "Golden Medical Discovery" has no equal.
